coda /D7 C#7 C7 B7/ Bb7 D7 /D7 /D7 //

I know how I got here, in the depths of deep despair.
I know just how I got here, in the depths of deep despair.
My woman's gonna leave me. Soon she won't be here.

Was a time when I was happy, but I'm wondering if that's true.
There was a time I was happy, but now I wonder if that's true.
(instrumental) -----

Woke up feeling bad this morning, I've never felt so blue
Woke up feeling bad this morning, never ever been so blue
Can't think of what could help me. Don't know what to do.
