Well I tell you now it's got me, in the depths of deep despair.
Yes I know that it's got me, I'm in the depths of deep despair.
I'm , I'm unhappy, my heart is full of fear.

I tell you now it's got me, in the depths of deep despair.
I know just where it's got me, I'm in the depths of deep despair.
Can't wait for it to leave me. How I wish it wasn't here.

Woke up feeling bad this morning, Coronavirus got me blue
Woke up feeling bad this morning, Coronavirus got me blue
Can't think of what could help me. I don't know what to do.
