

## New Year's Song

/G                      /Em7b5                      /G                      / Em7b5                      /  
The  
Fo

/:G                      /A                      /D                      /A      G                      /  
Xmas spirit still                      lingers on                      en-joying listening to a Xmas song.      Op  
-cused on the new,                      so for now                      the old year's problems are not here.      Lif

/D                      A                      /G                      /D                      /                      /  
-timistic for the new year that's ahead,                      still in party mood still going late to bed. Cele  
-ted spirits not focused ahead,                      still in party mood still going late to bed. But

/E                      /D                      A                      /G                      /A                      /  
-brate the New Year with party, wine and beer Re-solve to change something but give up while  
the old year issues will soon reappear. De-cide to do better, seek more success and

/                      /Amaj7                      A                      /                      /  
January's still here.  
spread more love.

/E                      /D                      A                      /E                      /  
Today it's a New Year but too soon it will be old.      Make positive changes be  
/A                      E7                      /D                      /A                      /C                      /  
fore it can unfold. Use willpower resolve and all your inner strength and your New Year could be

/G                      /A                      /                      :/  
everything you'd hoped that the old one would be.

End

/Amaj7      /A      /Amaj7      /A      /Amaj7      /A      /Amaj7      /      //
